EXPERIENCE

Logistics Coordinator, Strawberry Hill Baking Company; Merriam, KS —
2023-Present
Responsibilities for this job include:

• Keeping track of inventory and making the proper adjustments.

• Processing shipments for the shipping department to pack.

• Making any and all corrections to orders held up in the systems.

• Communicating with delivery drivers to make sure all shipping needs are met.

Shipping & Receiving Associate, Synexis Biodefense; Overland Park, KS —
2020-2023
Responsibilities for this job include:

• Processing all shipments scheduled to ship out on the respective day.

• Keeping track of inventory in multiple warehouses.

• Stocking the production floor with supplies needed in their area.

• Receiving returned items and processing them in the system.

Packaging Operator, Elanco Animal Health; Overland Park, KS —
2013-2020
Responsibilities for this job include:

- Setting up rooms to start packaging process.

- Coding cartridge belts with product name and Lot number.

- Filling the cartridge belt with final product.

- Putting belts in pouches to be packed in a carton, to a box, and on to a pallet.

- Cleaning rooms for product change and approving cleans for product change when not involved in clean.

- Doing daily checks in room to make sure product was running well.

- Eventually moved to the warehouse where I scheduled shipments, received raw materials, and used SAP to keep and transfer inventory.

EDUCATION

Certificate, Full Stack Web Development — University of Kansas   Lawrence, KS
